I would rather live in a city without electricity than a city without a library.

Omar Boca Raton

My mother has been blind for over 10 years. As an avid reader of mysteries, she has not missed a beat due to the use of audiobooks, both tapes and CDs. Thank You Libraries for Making this available to us for FREE!

Dee Lakeland

My granddaughter has the choice of 3 afterschool activities - the park, McDonald's or the library. She always chooses the library.
