

## Innovation Lab Call for Submissions

The **Innovation Lab** is a new Florida Library Association collaborative effort showcasing innovative and highly successful library policies, activities, and initiatives from Florida Libraries. Submissions will be listed with a brief description, along with supporting documents, on the FLA website (<http://www.flalib.org/innovation>) and will be available to all current FLA members and friends.

The FLA Continuing Education Committee is asking Florida Library staff to consider submitting documents to be preserved and shared by all FLA members and FLA friends on the *Innovation Lab*. We hope you will use this as an opportunity to share your experience(s) and wisdom with colleagues and other Florida library staff, in this new digital collaborative effort.

To enter a submission for the *FLA Innovation Lab*:

- Include a brief description of the policy, activity or initiative (250 words or less.) *FLA reserves the right to edit for content and length.*
- Attach supporting documents (up to three). Supporting document examples include outlines, handouts, summaries, and so forth. At least one picture is recommended.
