

An Online **Training** Platform

For Public and Academic Libraries

Niche Academy helps public and academic libraries deliver training that strengthens staff knowledge, supports essential services, improves connections with patrons and students, and builds stronger relationships across community and the campus. With ready-made tutorials and simple tools to create and manage training, libraries can expand their impact.

Visit our website to learn more—or schedule a demo to see how you can:

- Create and manage training
- Start with ready-made tutorials
- Integrate with other systems
- Manage learners and groups
- Track progress and improve training
- Get outstanding support
